## SUMMARY

Leader in Business Intelligence and Data Analytics with over 15 years of experience driving business growth through data-driven strategies. My expertise lies in leading high-performance teams, implementing BI solutions, and transforming data into strategic insights that optimize corporate decision-making. Experienced in mentoring and talent development.

## Professional Experience

### BNP Paribas Cardif (Life Seguros). Data Analytics Leader (2021 – Present)

- Lead the adoption of dashboards in commercial areas using Power BI.
- Reduced data processing time by half by optimizing MySQL queries.
- Improved customer retention by 10% using Python and Power BI segmentation models.
- Developed a data-driven proposal to boost sales, increasing the client portfolio by 15%.
- Assessed processes and defined KPIs to enhance strategic decision-making.

### Makro: Marketing Analytics Coordinator (2019 – 2021)

- Adoption of dashboards with Looker Studio and Power BI for executive and commercial teams.
- Led a digital marketing data analysis project: Open Rate, CTR, interactions, etc.
- Defined six customer clusters in the CRM, enhancing campaign personalization effectiveness.
- Optimized CRM strategies, achieving an 11% email open rate, 9% click rate, and 5% activation rate.
- Improved NPS by 4.5 points by leading the migration of the survey system from physical to digital.

### Telefónica: Sales and Commission Planning Leader (2013 – 2018)

- Commercial sales planning and payment of commissions based on results.
- Continuous improvements in upselling plans with a 7.5% increase in revenues.
- Implement and execution of the commission scheme, working with the HR, Finance and Systems teams.
- Store geolocation project with ArcGIS for sales analysis and definition of objectives.

### Philip Morris International: Business Intelligence Analyst (2011 – 2013)

- Project aimed at the development and implementation of Dashboards in Xcelsius-SAP.
- Consolidate, analyze and communicate all weekly indicators and activities: sales, shipment, rotation, company and competitor activities, and price changes.

### Coca-Cola Femsa: Forecasting Analyst (2008 – 2010)

- Generate sales forecast for the coming months by SKU and location, and communicate production plans.
- Generate the sales quota to be achieved by sales team.
